SUSTAINABILITY & SOCIAL RESPONSIBILITY INITIATIVES

Twincraft Skincare has been the manufacturer of choice for premium natural personal care brands for decades due to our commitment to social responsibility & sustainable practices in all parts of our business.

CLEAN THE WORLD PARTNERSHIP

Twincraft Skincare is a partner of Clean the World, a social enterprise that distributes recycled soap and hygiene products to children and families in countries with high mortality rates due to the spread of infectious diseases.

We donate our soap scrap to Clean the World to be reworked into soap for donations. Since 2009, Clean the World has distributed more than 53 million bars of soap in 127 countries.

This initiative also supports our waste diversion efforts and ensures that no bar soap waste from our Winooski, Vermont factory enters a landfill.

Clean the World®

An Overview of Our 2020 Partnership

- 364,414 Pounds of Soap Diverted from a Vermont Landfill
- 3,331,785 3 oz Bars of Soap Distributed to Those in Need

RENEWABLE ENERGY USAGE

In 2016, we finalized construction of two solar farms, both located in Vermont, and the power from these farms offsets much of the energy used in our manufacturing efforts.

In 2021, we are installing solar panels on the roof of our skin care & deodorant factory in Essex, VT to help offset more of our energy usage.

ENGLISH LANGUAGE LEARNER (ELL) PROGRAM

Twincraft offers an English Language Learner (ELL) Program to members of our New American community to participate in classes during the work day & help them develop their English language skills.

In 2019, 10 students graduated from the program at Twincraft.

TWINCRAFT C.A.R.E.S.
