

Sustainability & Social Responsibility Corporate Initiatives

2021

For decades, Twincraft Skincare has been a leading manufacturer in premium natural personal care due to our unwavering commitment and stringent standards of ecoconscious and ethical business practices.

Clean The World 🗞

We're a proud partner of Clean the World, a social enterprise that distributes recycled soap and hygiene products to children and families living in countries with high mortality rates as a result of widespread infectious diseases.

Twincraft donates our soap scrap to Clean the World to be reworked into new soap for those in need. Since 2009, Clean the World has given more than 53 million bars of soap in 127 countries.

This initiative also supports our waste diversion efforts and ensure that no bar soap waste enters a landfill.

2021 Impact

- 944,611 pounds of soap diverted from a Vermont landfill
- 6,165,330 bars of soap donated

Total Energy Breakdown 🏈

In 2016, we finalized construction of two solar farms, both located in Vermont. The power from these farms offsets much of the energy used in our manufacturing efforts.
